Mr. Bench reviewed Final State Trust-Land report for 2018-2019 (see Trustlands Final Report)

Mr. Bench shared SCMS Assessment Data (see Trustlands Final Report)

Mr. Bench shared SCMS Intervention Data (see Trustlands Final Report)

A discussion was held about CANVAS and PowerSchool. Mr. Bench shared that many teachers are using CANVAS. All teachers should have a least a homepage this year. Teachers can link to "State Standards and create rubrics. CANVAS is better for students to interact creating better interventions. Brittnie shared how she appreciates being contacted as a parent about upcoming and graded assignments through CANVAS. The limitations are that It only syncs to PowerSchool each day at midnight and that we need a seperate Student Information System.

Julie dismissed the meeting until November.
